## Description :

Prsentation de l'diteur  
What makes a woman kill? An upbringing marred by rejection and hurt when you are let down by the ones you love and a society that is supposed to protect you? As a teenager that rejection lures Helen King into the world of drugs and prostitution. Now, as an adult, Helen is spiraling out of control. Old wounds are surfacing; can she face her demons without the drugs? Will revenge help release her from her past? Beating her addiction is her only chance at a new life. But, an encounter with a former school teacher opens up old wounds that had been festering deep within her. While quitting drugs, another craving takes its place. A desire for revenge: payback for those who'd betrayed her. Plagued with bitterness, Helen heads to Edinburgh to begin her killing spree. Police are mystified when her first victim is found. A second death convinces them its the same killer. Can they connect Helen to the crimes? How many more will die
