## Description :

Prsentation de l'diteurFrom the moment she took a job on Captain Caldwell's doomed ship, Devi Morris's life has been one disaster after another: government conspiracies, two alien races out for her blood and an incurable virus that's eating her alive. Now, with the captain missing and everyone - even her own government - determined to hunt her down, things are going from bad to impossible. The sensible plan would be to hide and wait for things to blow over, but Devi's never been one to shy from a fight, and she's getting mighty sick of running. It's time to put this crisis on her terms and do what she knows is right. But with all human life hanging on her actions, the price of taking a stand might be more than she can pay.Revue de presse"If you liked Star Wars, if you like the Kate Daniels series, and if you are waiting for Guardians of

the Galaxy to hit the theaters, this is your book."Ilona Andrews on Fortune's Pawn" This book kicked ass...I LOVED IT!"Felicia Day on Fortune's Pawn" Great space battles, awesome shootouts and enough betrayals and alliances to rival A Game of Thrones."Washington Post on Honor's Knight" Fun, with phasers on lethal."Kirkus on Honor's Knight" Rachel Bach's Fortune's Pawn is based on a fascinating premise and launches what looks to be a superb military science fiction series."Eric Flint" Rollicking space opera starring a tough, sexy, armor-clad space chick...Lots of fun."Kirkus on Fortune's Pawn" Fans of Lois McMaster Bujold's Vorkosigan series and David Weber's Honor Harrington novels should enjoy starting another potentially long-running SF military saga."Library Journal on Fortune's Pawn" Bach's space opera is a fantastic, action-packed and accessible exploration of deep space. Devi is hands-down one of the best sci-fi heroines I've read in a long time."RT Books on Fortune's Pawn (4 1/2 Stars)" Like Firefly told by Lois McMaster Bujold."io9.com on Fortune's Pawn" The narrative never quite goes where you expect it to, in a good way... Devi is a badass with a heart."Locus on The Paradox series Presentation de l'diteur From the moment she took a job on Captain Caldwell's doomed ship, Devi Morris's life has been one disaster after another: government conspiracies, two alien races out for her blood and an incurable virus that's eating her alive.
