## Description :

Prsentation de l'diteurDevi Morris has lots of problems - and not the fun, easy-to-shoot kind either.After a mysterious attack left her short of several memories and one partner, she's determined to keep her head down, do her job and get on with her life. But even though Devi's not looking for it this time, trouble keeps finding her. She sees ghostly creatures no one else can, the inexplicable black stain on her hands keeps getting bigger and she can't seem to stop getting into compromising situations with a man she's supposed to hate. But when a deadly crisis exposes far more of the truth than she bargained for, Devi discovers there are worse fates than being shot - and that sometimes the only people you can trust are the ones who want you dead.Revue de presse"If you liked Star Wars, if you like the Kate Daniels series, and if you are waiting for Guardians of the Galaxy to hit the theaters, this is your book."Ilona Andrews on Fortune's Pawn"This book

kicked ass... I JUST LOVED IT!"Felicia Day on Fortune's Pawn"Great space battles, awesome shootouts and enough betrayals and alliances to rival A Game of Thrones."Washington Post on Honor's Knight"Fun, with phasers on lethal."Kirkus on Honor's Knight"One hellvua ride."io9 on Honor's Knight"Reveals unexpected complexities... an interesting balance between introspection and action, a sequel that builds, rather than merely killing time."Publishers Weekly on Honor's Knight"Rachel Bach's Fortune's Pawn is based on a fascinating premise and launches what looks to be a superb military science fiction series."Eric Flint"Rollicking space opera starring a tough, sexy, armor-clad space chick...Lots of fun."Kirkus on Fortune's Pawn"Fans of Lois McMaster Bujold's Vorkosigan series and David Weber's Honor Harrington novels should enjoy starting another potentially long-running SF military saga."Library Journal on Fortune's Pawn"Bach's space opera is a fantastic, action-packed and accessible exploration of deep space. Devi is hands-down one of the best sci-fi heroines I've read in a long time."RT Books on Fortune's Pawn (4 1/2 stars)Prsentation de l'diteurDevi Morris has lots of problems - and not the fun, easy-to-shoot kind either.After a mysterious attack left her short of several memories and one partner, she's determined to keep her head down, do her job and get on with her life.
