Description :

Prsentation de l'diteurHow well do you know your neighbours? Would you notice if they lived or died? Police analyst Annabel wouldn't describe herself as lonely. Her work keeps her busy and the needs of her ageing mother and her cat are more than enough to fill her time when she's on her own. But Annabel is shocked when she discovers her neighbour's decomposing body in the house next door, and appalled to think that no one, including herself, noticed her absence. Back at work she sets out to investigate, despite her police officer colleagues' lack of interest, and finds data showing that such cases are frighteningly common in her own home town. A chilling thriller and a hymn to all the lonely people, whose individual voices haunt the pages, Elizabeth Haynes' new novel is a deeply disturbing and powerful thriller that preys on our darkest

fears, showing how vulnerable we are when we live alone, and how easily ordinary lives can fall apart when no one is watching. Revue de presse 'It's hard to put the uniqueness of Elizabeth Haynes' writing into words. Her stories grip you by the throat and force you to acknowledge that this is what real crime and real horror look and feel like, as well as real love, hope, fear. Suddenly, much of the other crime fiction you've read seems, in comparison, rather like stories made up by writers. Haynes is the most exciting thing to happen to crime fiction in a long time.' --- Sophie Hannah Presentation de l'auteur How well do you know your neighbours? Would you notice if they lived or died?
