Description : Description du produitIn Italy, a powerful vampire is amassing the power to control the souls of the dead. Lady Victoria Gardella de Lacy-a vampire slayer for just over a year-races across Europe to stop what could be the most deadly army the Gardellas have ever faced. She is accompanied by Sebastian Vioget, a man as tempting as he is untrustworthy. But when Victoria discovers that she has been betrayed by one of her most trusted allies, the truth will challenge all her powers as a Venator-and as a woman.

Prsentation de l'diteurThe second installment in award-winning, New York Timesbestselling author Colleen

Gleason's International Bestselling Gardella Vampire Hunter Series."...turns vampire stories and romances on their ear." --The Detroit News"With its wonderfully witty writing, action-infused plot and sharply defined characters, *Rises the Night* is deliciously dark and delightfully entertaining." - The Chicago Tribune"A tense plot line and refreshingly diverse supporting characters complete the package, giving series fans plenty to sink their teeth into--and plenty more to look forward to." Publishers Weekly"Heart-stopping scenes and sexual tension. With numerous twists, [Gleason] leaves you hanging, eagerly awaiting the next installment."

Romantic TimesThe saga of Victoria Gardella continues as the glorious nineteenth-century city of Rome gives rise to a new threat from the immortal undead....Lady Victoria Gardella Grantworth de Lacy has been a vampire slayer for just over a year, balancing her life as a peer of Society with the dangerous role that takes her out on moonlit streets, stake in hand. She has learned brutal and heartbreaking lessons about the sacrifices that must be made in order to save humanity from the evil that secretly preys upon it, but she has not wavered in her vow to fight on. Now, in Italy, a powerful vampire is amassing the power to control the souls of the dead. As Victoria races across Europe to stop what could be the most deadly army the Gardellas have ever faced, her unlikely companion is Sebastian Vioget--a man as tempting as he is untrustworthy. But when Victoria discovers she has been betrayed by one of her most trusted allies, the truth will challenge all her powers as a Venator...and as a woman. This novel has enough dark, angst touches to it that I was utterly wrung out by the end. It is also so good that I couldn't wait to get online to see when the next in the series will come out. Not for the faint of heart, but the writing is wonderful and the characters really stand out vividly.

All About RomanceThe Gardella Vampire Hunters series should be read in order to avoid spoilers. The Victoria books are: *The Rest Falls Away*, *Rises the Night*, *The Bleeding Dusk*, *When Twilight Burns*, *As Shadows Fade*. All five books are now available. ____ Praise for the Gardella Vampire Hunters: "The undead rise to great heights through Gleason's phenomenal storytelling. She creates a chilling world with the perfect atmosphere of fear and sexual tension." -- Romantic Times "Gleason keeps upping the ante with each novel, weaving the characters around her readers with each engaging conversation and narrative, every stage set of all the appropriate gothic gloom and melting beauty." -- Book Fetish...I was utterly wrung out by the end. All About RomanceFrom Publishers WeeklyIn Gleason's latest, she returns to the budding career of Venator Victoria Gardella, a Buffyesque vampire hunter living in an Austen-style Regency world. Having spent the last year mourning the death of her husband, slain at the hands of the vampire queen, Lilith, Victoria is desperate for revenge. Before long, she stumbles on a vampiric plot to seize Akvan's Obelisk, a powerful artifact that will grant its controller the power to command legions of the dead. In order to foil the plan, Victoria crisscrosses Europe, teaming up with a handsome stranger along the way. A fast-paced carnival ride of a book, the sophomore series entry (after *The Rest Falls Away*) hits the ground running without any introduction to Gleason's world; for those new to the series, this volume will probably prove confusing. Those who've read the first title, however, won't be disappointed: Victoria is a more determined, fleshed-out character, having grown wiser, sadder and more ambiguous about the morality of her mission. Her world, too, expands significantly in this adventure. A tense plot line and refreshingly diverse supporting characters complete the package, giving series fans plenty to sink their teeth into and plenty more to look forward to. (June)
