Description :

Prsentation de l'diteurThe Most Revealing Forex Day Trading Book Of 2013The true story of a 100% mechanical automated forex trading system that returned over 1000% inside 13 months turning 10,000 GBP to over 100,000 GBP In 2005 I discovered what I believed was the ultimate financial trading system using

the foreign exchange (Forex) market.To be the ultimate 'Holy Grail' foreign exchange trading system it would have the ability to automatically trade and have zero discretion with no technical analysis or reliance on technical indicators. In short, a 100% mechanical trading system in which the person using it does not matter, the result will be the same.The ultimate trading system. Thousands of traders every day search, test and simulate for hours using forex analysis looking for this 'golden egg' laying goose. It can be found again.Here is our question to you."What would you do if you found such a simple day trading system?" One that worked month after month? One that had proved itself for years?How much would you risk?How would you trade it?How would your emotions handle such a 'guaranteed' trading system?Not only does this trading book tell the story of how the trading system was built, it also gives you the full trading system and strategy, for the very first time.The actual Forex trading methodology has remained a closely guarded secret for over 10 years! For the first time ever nothing is held back, Fully Disclosed...Trade by trade entry levelsTrading timeframesTrade exit levelsOptimum risk management strategyTrailing stop settingsFull results and account screenshotsCould you be the next trader to find a Holy Grail system? The clues are all here.You Will Discover...What changes you should be wary of when trading your forex strategiesWhat happens to your mind when all of your hard work comes together - the trading psychologyWhat happens when everything looks wrongThe true reason for a trading system failing (hint: it mostly isn't the system)Their very personal story unfolds within these pages, step by step and month by month, demonstrating how their discovery changed them forever. With full disclosure for the very first time this book shows every trade, every change, every high and every low of a Forex trading system called simply 'Grail'Who Should Buy This Book?System tradersForeign Exchange tradersTrading system developersHome based retail tradersThose developing Forex autotrading strategies."An essential read for any student of the financial markets and a great insight into Forex trading" Mike - UK"What can I say - a superb story encompassing greed, ambition, analytical thinking and sheer chutzpah. The lessons to be learned here are invaluable" Simon - UK Trading Forex (foreign exchange) carries a high level of risk, Before deciding to invest in foreign exchange you should carefully consider your investmentobjectives, level of experience, and risk appetite.TagsForex trading, forex system, trading strategy, currency trading, foreign exchange, financial trading, forex, forex trading system, forex books, forex currency trading, forex day trading, forex ebook, forex exchange, forex investing, forex strategies, forex techniques, forex trading books, forex trading strategies, currency trading system, day trading, daytrading, daytradingforex, forex strategy, day trading system, dPrsentation de l'diteurThe Most Revealing Forex Day Trading Book Of 2013The true story of a 100% mechanical automated forex trading system that returned over 1000% inside 13 months turning 10,000 GBP to over 100,000 GBP In 2005 I discovered what I believed was the ultimate financial trading system using the foreign exchange (Forex) market.To be the ultimate 'Holy Grail' foreign exchange trading system it would have the ability to automatically trade and have zero discretion with no technical analysis or reliance on technical indicators.
