## Description :

Prsentation de l'diteurIn chess, a transposition is a known position reached by a different move order than usual - a less obvious way of getting to somewhere you want to go, leading to confusion for your opponent. Every chess player has a number of them in his arsenal, and they are used most often in openings.Prsentation de l'diteurIn chess, a transposition is a known position reached by a different move order than usual - a less obvious way of getting to somewhere you want to go, leading to confusion for your opponent.
