Grayson resides in a small town outside of St. Louis, MO. She is entertained daily by her extraordinary husband, who will forever inspire every good quality she writes in a man. Her entire life rests in the palms of six dirty little hands, and when the day is over and those pint-sized cherubs have been washed and tucked into bed, you can find her typing away furiously on her computer. She has a love for alpha-males, brownies, reading, tattoos, sunglasses, and happy endings and not particularly in that order.
